FOR IMMEDIATE RELEASE

**ENTREPRENEUR MAGAZINE NAMES SOLUTION BEACON
AS ONE OF THE FASTEST GROWING COMPANIES IN AMERICA**

DALLAS, TX August 9, 2007 — Solution Beacon, LLC has been named Number 259 in the Top 500 Fastest Growing Companies in the United States by *Entrepreneur Magazine*. Solution Beacon is a woman-owned business and is a leader in the technology field, assisting clients with enterprise system and technology decisions to enhance business operations, and to ultimately achieve strategic objectives.

Solution Beacon, LLC was founded in 2001 during one of the most challenging times for a new consulting company - the post market crash caused by the tech bubble bursting combined with the September 11th terrorist attack. "When other larger consulting companies were laying off and retrenching due to decreased IT spending in the marketplace, our business model fostered aggressive growth by offering our clients significantly better service at a lower price than our competitors" said Founder, Randy Giefer.

Since the company's inception, Solution Beacon has continued to see strong and steady growth each year. Solution Beacon's first year sales topped over \$3 million dollars and is expecting \$30 million in sales for 2007. "Our upward growth is phenomenal; I have to give credit to our highly qualified elite resources and their dedication to always perform above client expectations." said Mary Lou Weiss, COO of Solution Beacon.

When asked what the "Solution Beacon Secret for Success" is, Alicia Hoekstra, CEO was quick to respond; "Recognizing the opportunity to provide quality services, sharing knowledge with our professional community and staying focused on our most valuable asset: **our resources**. We offer Real Solutions for the Real World."

As Solution Beacon continues to grow as "Your Trusted Advisor" for all Oracle Applications, it will certainly continue climbing to the top of *Entrepreneur's Hot 500* list each year.
