SOLUTION BEACON HONORED WITH INC. 5000's LIST FOR 2007
"FASTEST GROWING PRIVATE COMPANIES IN AMERICA"

DALLAS, TX September 7, 2007 — Solution Beacon, LLC continues its journey of excellence by adding Inc. 5000 to its prestigious list of recognition for 2007. Solution Beacon is a woman-owned business and is a leader in the technology field, assisting clients with enterprise system and technology decisions to enhance business operations, and to ultimately achieve strategic objectives.

"The Inc. 5,000 provides the most comprehensive look ever at the most important part of the economy – the entrepreneurial part," said Inc. 5,000 Project Manager Jim Melloan. "The expansion of the list has allowed us to tell the stories of larger companies, older companies, and a wealth of companies in industries like Manufacturing and Construction that are underreported in the business media.

The company has continued on a steady growth rate since its inception in 2001. Expected top line sales for 2007 are \$30 million dollars, a 132% growth from first year sales. Solution Beacon will achieve this by executing Oracle E-Business application implementations, upgrades and by offering superior consulting services to Fortune 500 companies, as well as small to medium businesses.

"Because of our unique business model, we are able to offer exceptional services to a broad range of clientele. We are able to provide our clients only the very best resources in the industry. Our core values are exhibited each day, "We Only Hire the Best". As we continue to re-invest in our resources through education and speaking engagement opportunities, we can ensure our resources remain the front runners in the field." said Alicia Hoekstra, CEO.
